Homework Grid

How this document is to be used:

The children have been set pieces of homework to last over the term. The children can pick and choose the activity they would like to do each week. House points will be rewarded for each submitted piece of homework based on effort. Homework is to be submitted on a Friday each week **this can be done through Google Classroom or in their homework book.** Your child only needs to do one piece of homework a week from the grid, alongside their spellings and times table practice.. Have fun 😊
